

April at Your Place Coffee

Try a Little Tea

Spring is here with all sorts of colorful flare. And what better way to welcome the new aromas of this season than by making beautiful blends of flavorful teas to tantalize your taste buds? Teatime in the springtime is coming to Your Place Coffee April 13th at 6:00pm where our honored guest Susan Klein will walk us through the fundamentals of tea; where it comes from, how it is made, and how to blend and brew your own beautiful teatime creation. Don't miss this opportunity to indulge spring and it's finest flavors!

Birds on the Walls

You may have noticed that along with the welcomed change in the weather, April has also brought a change to the walls of Your Place Coffee. The birds are returning to their songs in the trees to celebrate spring, and the sweeping sketches and beautiful silhouettes of Betony Coons' birds join them from the walls of the shop. Colorful, inspiring, and uniquely abstract, our new, featured artist is well-deserving of the spring spotlight. Join us on the first Tuesday of this month for an artist showcase where you can meet the artist, hear her story, and get a closer look at her creations.

Relay For Life Benefit Concert April 10th

Join us as we jam for a cause Saturday, April 10th at 7:00pm. Returning artists Richard Gianzero and Renee Swick will be performing to raise support for Cancer Research. Come show your support; it will be an awesome show!
